Our Products

LUNOX

BAHRAIN

Commitment to excellence has been a key to our success.

Our team of experts are able to demonstrate the possibilities available for your home, shop or office, coordinating with your architect or interior designer to achieve the best end result.

Our factory can handle small to large sized projects. We cater for the domestic and GCC market where the individual requires a quality item made to the same standard as any high profile commercial project.

EXPERIENCE

We specialize in small to large scale residential projects from granny flats to multi-unit residential flat buildings. The project gallery below will give you an understanding of the projects we have completed and carry out. Please also visit our website to view our project gallery at [www. Lunoxbh.com](http://www.Lunoxbh.com)

QUALITY ASSURANCE

At Lunox Bahrain we understand the importance of quality. There are many cheap products entering the Bahrain and other GCC market and may end up costing more in the long run.

We deal exclusively with industry leading brands and suppliers such as Egger, Blum, Grass, Kastamonu providing warranty and guarantees on all products supplied and 5 year warranty from the date of Supplying the kitchen. We use quality fixtures and fittings as a company standard for private projects to large scale residential apartment projects - this sets us apart from the rest.
